

## OTHER SERVICES AVAILABLE

**Thank You Cards** – professionally produced

Saying thank you is a way of showing your appreciation to those people who have expressed their sympathy and love at the time of your bereavement.

## PERSONALISED DESIGN

We can create a simple card, or use the same photographs and images from the funeral service sheet.

We have some verses for you to choose from or you may supply us with personal wording of your choice. Please speak to your funeral director for further information.

# Imaging And Photo Displays

---

Here at Whitestone Funerals we support our families to celebrate and bring to life the stories of their loved ones. Through a variety of different outlets you can create a unique experience to be remembered for the service.

 **Whitestone**  
FUNERALS

## SERVICE SHEET

### What we need:

- Your favourite photo for the front cover
- Additional photos with special importance
- An order of service (usually supplied by the person leading the funeral service)
- Poems, readings, or hymns

We can scan your photos. If possible please remove photos from their albums and/or frames.

High quality digital photos are preferred for the best results.

Remember we can crop and edit photos if required to ensure the best result. If you have any questions please call Whitestone Funerals on (03) 434 8812

To allow us time to produce a personalised service sheet we ask that all content is received **at least two days prior to the funeral service**. We will provide a draft for you to proof prior to printing and will have everything ready the evening before the funeral.

## PHOTO SLIDESHOWS

### What we need:

High quality digital photos are preferred for the best results.

**Photos:** The recommended 40 photos will require about 3 and a half minutes of music.

**Music:** If you wish to provide your own music, please use an MP3 or MP4 format.

We can play more than one song or repeat the same song twice. You can provide your own music or your funeral director can help you find it.

### If you want to bring your own slideshow:

- Preferred file formats are MP4 or PowerPoint
- Please note other formats are not always compatible with our system
- To ensure there are no compatibility issues with slideshows, we advise they must be checked at the venue at least 24 hours prior to the funeral service
